Program Purpose

The purpose of this program is to connect current students with alumni mentors who share similar academic backgrounds, professional interests and career fields. Alumni mentors act as advisors, share professional experiences, provide new perspectives/ insight into the industry, share knowledge about career advancement and assist in the building and enhancement of their mentee's individual skill set.

The Rosen College Alumni Chapter Mentorship Program pairs alumni mentors with upper-level undergraduate students who are preparing to enter the work force. The alumni mentorship program also has a special partnership with the Peer Outreach Mentoring Program (POMP) which pairs upper-level undergraduate students with other students who may be experiencing past or current academic difficulties or hardships. The Rosen College Alumni Chapter pairs alumni with current POMP student mentors as well as upper-class level students to provide them support to foster a successful peer to peer mentoring relationship.

This is NOT a job placement program, but student mentees who take full advantage of this opportunity gain valuable skills and knowledge that will assist them in their internship/job search and future career.

A mentor can help in clarifying direction, developing focused goals and making a student's transition from college into the industry more seamless and effortless. The Matching Process

During the month of August, all call emails will go out to both Rosen College alumni and current Rosen College students providing information for the upcoming academic year mentorship program. These emails include program enrollment surveys that must be completed prior to program participation. The thorough and honest completion of these surveys plays a crucial role in us being able to create meaningful and successful mentor/mentee matches. During the month of October, mentor/mentee pairs will be matched, and each participant will receive confirmation of their pairing via email.

Once a mentorship match has been made, we expect all of our participants to adhere to the following program guidelines:

- Follow through on the commitments you make to the program and each other throughout the entirety of the mentorship agreement period, which may consist of one semester or the full academic year
- Communicate at least once per month throughout the duration of the mentorship relationship in person or via telephone/ email. *Please note:* at least one in person and/or video conference call during the program is strongly recommended
- Recognize that participation in this career and development program is solely voluntary. Furthermore, understand that either participant may decide to end the relationship during the agreement period. However, the expectation is set forth that if this were to happen, participants must provide notification to each other and the Rosen College Alumni Mentorship Chair.

I've Been Matched! Now What?

Congratulations in being matched! We expect that you make initial contact with your assigned mentor/mentee within 72 hours of receiving notification of your match from the mentorship program chair. Set a date and time for your first official "meeting", where you will start to get to know each other, set expectations, goals and a communication/ meeting plan for the upcoming weeks and months. Please refer to resources set forth in this handbook to assist in the facilitation of laying the building blocks for a successful mentoring relationship.

Frequently Asked Questions

Why should I participate as a mentor/ what are the benefits? Our hope is that mentoring will be a positive and enriching experience where you will be able to:

- Refine your coaching and mentoring skills
- Develop meaningful connections with current students and provide a positive impact as they prepare to enter the industry
- Experience a reconnection with Rosen College and be in the know of all current college happenings

What are the qualifications I must have to be eligible to participate as a mentor? Mentors must be Rosen alumni or friends with an undergraduate degree from an accredited university. Mentees must be currently enrolled Rosen students who are sophomores, juniors or seniors by credit standing.

How long is the commitment? Mentors and mentees have the ability to request to participate in the program on a semester (September – December) or full academic year basis (September – April).

What if I want to continue to mentor my mentee beyond the term commitment? Alumni are welcome to continue mentoring their mentees as long as they are willing and able.

Is event attendance mandatory? Event attendance and participation is highly suggested, but not required. The great thing about this program is that your mentorship connection can be carried out as the mentor and mentee see fit. We have many mentors that live outside of the Central Florida area and due to the long distance, simply can't attend. However, we do encourage you to attend as many activities as possible to build a strong connection with your student.

I live outside of the Greater Orlando Area - can I still participate? Absolutely! We have active alumni successfully participating in the mentorship program who are located nationwide.

How do I register to be a mentor? Emails are sent out to all potential mentors and mentees during the summer months (June/ July) with specific program participation information for the upcoming academic year. Included in those emails are the links to complete our program registration survey. You may also reach our mentorship committee directly via email at rosenalumnimentors@ucfalumni.com

GOAL SETTING

Purpose of Goal Setting

Setting goals helps people strive to achieve. Although goal setting may be challenging, it is worthwhile. The intention is to increase efficiency and effectiveness by specifying desired outcomes. Hellriegel, Slocu, and Woodman & Martens (1992) find goals to be important because they:

- Guide and direct behavior
- Provide clarity
- Reflect what the goal setters consider important
- Help improve performance
- Increase the motivation to succeed
- Instill pride and satisfaction in achievements
- Provide challenges and standards
- Bolster self-confidence and decrease negative attitude

SMART Goal-setting Model

The SMART guidelines can facilitate setting effective goals in traveling the road to success.

SMART means:

Specific – A goal of “graduating from college” is too general. Specify how this will be accomplished, e.g. “study more in order to receive better grades.”

Measurable – Establish criteria for how to achieve a goal. Measurable does not refer to a timeline; it means determining a way to measure your success in completing the long-range goal.

Action-oriented – Be proactive in taking action that will result in reaching the desired goal.

Realistic – Strive for attainable goals; consider the resources and constraints relative to the situation.

Timely – Allow reasonable time to complete each goal, but not so much time that you lose focus or motivation.

Guide for Mentees

Questions to Ask

One of the many benefits of the mentorship program is that mentees have the opportunity to ask questions that don't always get answered in the classroom. In order to make the most of this experience, mentees should ask their mentors detailed questions about their field of interest to gain a better understanding of what takes place on a day to day basis in that profession. The following are a few suggestions:

Job Description

- What is your job title?
- What is your typical day on the job?
- What is the title of the person to whom you report to?
- How free are you to work independently?
- What types of problems are you likely to face during the day?
- What are the most satisfying and the most frustrating parts of your work?

Advancement

- How did you get to your current position?
- What are the future trends and developments that you see affecting careers in your field?

Preparation

- How did you prepare for this occupation?
- What preparations do you recommend for a person entering this occupation?
- What education/degrees/training/licenses are required?
- What are the best places to go for additional education or training for a position like yours?
- If you could start all over again in launching your career, what steps would you take?
- What courses do you recommend taking for this occupation?

Lifestyle

- What hours do you normally work?
- Is overtime common?
- Is travel a factor in this job?
- What are the professional organizations in this field?
- How do these organizations serve their members?
- What are the pressures that you face?
- How does this occupation affect your private life?
- What is expected of you outside of working hours?
- Is there a formal mentor program set up in your workplace?

Guide for Mentors

How to Support Your Mentee

- Think of yourself as a “learning facilitator” rather than the person with all the answers. Help your mentee find people and other resources that go beyond your experience and wisdom on a topic.
- Emphasize questions over advice giving. Use probes that help your mentee think more broadly and deeply. If he or she talks only about facts, ask about feelings. If he or she focuses on feelings, ask him or her to review the facts. If he or she seems stuck in an immediate crisis, help him or her see the big picture.
- When requested, share your own experiences, lessons learned, and advice. Emphasize how your experiences could be different from his or her experiences and are merely examples. Limit your urge to solve the problem for him or her.
- Resist the temptation to control the relationship and steer its outcomes; your mentee is responsible for his or her own growth.
- Help your mentee see alternative interpretations and approaches.
- Build your mentee’s confidence through supportive feedback.
- Encourage, inspire, and challenge your mentee to achieve his or her goals.
- Help your mentee reflect on successful strategies he or she has used in the past that could apply to new challenges.
- Be spontaneous now and then. Beyond your planned conversations, call or e-mail “out of the blue” just to leave an encouraging word or piece of new information.
- Reflect on your mentoring practice. Request feedback.
- Enjoy the privilege of mentoring. Know that your efforts will likely have a significant impact on your mentee’s development as well as your own.

The Power of Networking

What is Networking?

Webster's dictionary defines networking as the exchange of information or services among individuals, groups, or institutions; specifically: the cultivation of productive relationships for employment or business. Your main networking goal is to create mutually supportive professional relationships. In that regard, networking in a mentoring relationship can benefit both partners. You never know where career help may come from or what form it may take, and the mentoring relationship provides both partners with an opportunity to expand their networks.

Benefits

- **Information** – A network is your conduit to the kind of information you need to advance your career...or to discover creative career possibilities.
- **Referrals** – Sometimes the best information is knowing who to call.
- **Feedback** – A network helps you check out your behavior, your ideas, and your strategies for success before you risk them in the “real world.”

Topics of Discussion in Networking

- **Career Information** – Ask for information about the career field, but don't ask for a job or internship. However, sometimes the information will lead you in that direction.
- **Common Interests** – Consciously look for common ground, professional interests, and attitudes. This requires that you share a little of yourself.
- **Accomplishments** – Learn to talk comfortably about your own accomplishments.

What Not to Discuss

- **Criticisms** – Do not talk about other professionals or previous colleagues in a critical manner. The only exception is when you are specifically asked to give your opinion of someone AND you are absolutely sure that your opinion will be kept confidential.
- **Family/personal matters** – This is a professional network; know the boundaries.
- **Gossip** – Don't violate professional confidences or abuse inside information.

Dos and Don'ts of Networking

- Do try to give as much as you get.
- Don't be afraid to ask for what you need.
- Do report back (Did you follow their advice? What happened?)
- Do follow up all referrals.
- Do be businesslike. Be prompt, respect other's schedules.
- Don't pass up any opportunities to network – they can happen in the most unlikely places.
- Do keep in touch with your old networks (you may go back that way again).
- Don't expect your network to function as a placement office.
- Do call members of your network for “no reason at all.” Keeping in touch is a reason.
- Don't be discouraged if someone brushes you off. It happens – and usually has nothing to do with you.
